Muhlenberg county will receive bids for several miles of turnpike roads May 28th.

By a strict party vote, the senate judiciary committee voted ten to eight to report favorably on the nomination of Louis D. Brandeis to be associate justice of supreme court.

Miss Adalasia Allen, a female third with French features, by posing as the "war widow" of a French soldier, secured employment in a wealthy New York family and watching for an opportunity stole \$5,000 worth of jewels.

There is some hope for Ed Leigh yet. In his editorial column he pledges himself to attend the Bowring Green Baptist church "as often as occasion permits" provided the new pastor, Dr. Gibson, will "climb the stairs to the editorial room once in so often."

Representative Frank Greene, of Carrollton, and Frank Golden, a liveryman, were arrested for fighting. Golden was acquitted and Greene's case continued until today. Mr. Greene is the man who carried a chip on his shoulder while the legislature was in session. He has evidently had it knocked off by a man not so noisy.

A man in Breckinridge county, bearing the name of Humphrey Marshall, distinguished himself last week by killing an American eagle that was soaring over his farm. If the game laws do not protect the almost extinct bird of liberty, they ought to be amended to punish such slaughter as Mr. Marshall was guilty of.

News print paper made another advance of \$10 a ton last Saturday, making a total advance of \$40 a ton since February. The price is now 4 cents with freight to be added. The paper situation in Germany has reached such a stage that newsdealers require papers to be returned after they are read, the same material to be used over again.

The Exchange telegraph company says it learns from diplomatic circles in London that Prince Von Buelow, former German chancellor, is proceeding to Washington charged by Emperor William with a special mission. It also says that it understands Von Buelow is to become ambassador to the United States. Prince Von Buelow is one of the foremost statesmen of Europe and has been referred to frequently recently as the man who might be selected by the Kaiser to conduct preliminary peace negotiations should they be undertaken.

Those Bad Spells.

Lebanon Jct., Ky.—Mrs. Minnie Kumb, of this place, says: "I believe I would have been dead by now, had it not been for Cardis. I haven't had one of those bad spells since I commenced to use this medicine." Cardis is a specific medicine for the fits from which women suffer. Made from harmless, vegetable ingredients. It is a safe, reliable remedy, and has been successfully used by weak and failing women for more than fifty years. Thousands of women have been helped back to health and happiness by its use. Why not profit by their experience? A trial will convince you that Cardis is just what you need—Advertise.

Value of Collective Opinion.
Whenever we stand in need of intricate knowledge, balanced judgment or delicate analysis, it is our comfortable habit to question our neighbors. They may be no wiser and no better informed than we are; but a collective opinion has its value, or at least its satisfying qualities. For one thing, there is so much of it. For another, it seldom lacks variety.—Agnes Repplier, in the Atlantic.

A CARD.

I desire to inform the public that I am now with the Waller & Trice Co., and, in the future, can be found at their establishment, where I am better prepared than ever before to handle any business intrusted to me in either the furniture or undertaking department. I wish to thank my friends for past favors and would be pleased to have them call on me at my new quarters.
